

## We Bring Nature Closer To You

### ABOUT US

Established in 1978, Ankur Nurseries has been a competent and loyal partner to many, in interior and exterior landscaping. We pride ourselves on superior quality, reliability, professionalism and cost effectiveness in our every product and service.

### LANDSCAPE SERVICE

With well trained and experienced personnel, Ankur Nurseries is ideally suited to serve major business offices as well as large residential spaces of Mumbai.

We specialize in the maintenance of plants in diverse settings. We also partner with architects and designers who seek our expertise in execution of their well-planned designs

Our services include

- Execution and maintenance of lawns and landscaped gardens
- Installation and maintenance of vertical gardens
- Installation of artificial lawns
- Supply and maintenance of potted plant in offices

Our nursery near Alibag and in Mumbai allow us to propagate and maintain a variety of plants in large numbers. This makes it possible for us to select from a wide variety of readily available plants for our landscaping projects.
